SUPPLEMENTAL BID BULLETIN NO. 2026-10-001

Procurement and Inventory Management System (PIMS)
(OSG PR No. 026-09-126)

TO ALL PROSPECTIVE BIDDERS:

Relative to the queries of the bidders, the Bids and Awards Committee (BAC), in consultation with its Technical Working Group (TWG), resolved to issue the following response, viz:

Particulars	Queries	TWG/BAC Answer
A. General – 5. Eligible Bidders Section 5.5 – Single Largest Completed Contract (SLCC) The bidding document provides an option for bidders to present a combination of completed contracts within the prescribed period, provided that their total value is at least fifty percent (50%) of the Approved Budget for the Contract (ABC), subject to the specified requirements.	May we respectfully request consideration for allowing bidders to qualify based on a combination of completed contracts amounting to at least fifty percent (50%) of the ABC, in accordance with the conditions outlined in Section 5.5? We believe this would provide more opportunities for qualified bidders to participate while still demonstrating the necessary technical and financial capacity to undertake the project.	The requirement on the Single Largest Completed Contract (SLCC) is derived from the applicable government procurement laws and regulations and serves as a measure of a bidder's demonstrated capability to undertake and successfully deliver projects of comparable size and complexity. As such, the 50% SLCC requirement is retained as part of our due diligence in ensuring that the prospective contractor possesses sufficient experience and capacity to successfully implement the PIMS project.
10. Supplier Qualifications Sections 10.4 and 10.5 – Company and Personnel Requirements: The bidding document specifies the following requirements: • A local office in the Philippines with at least one hundred twenty (120) employees.	May we respectfully ask if the minimum employee requirement and the required number of technical personnel could be reconsidered or adjusted to allow qualified suppliers with smaller teams to participate, provided they can demonstrate the necessary technical expertise, relevant experience, and capacity to deliver the project successfully?	The company and personnel requirements were established to ensure that the prospective provider has adequate technical expertise and manpower resources necessary for the successful development, implementation, deployment, and support of the system. The required number of technical personnel, including developers and a database administrator, is intended to provide reasonable assurance that the project can be delivered within the required timelines and quality standards.

• Specialization in application development, business solutions integration, and information systems development, with at least fifteen (15) programmers/developers and one (1) database administrator (DBA).		
BDS 27.1 - 1.1 Supplier Qualifications 1.1. The Supplier must have completed within the past five (5) years from the submission date and receipt of at least two (2) projects in a government contract of a similar nature amounting to at least fifty percent (50%) of the ABC. Certificate of Completion from any government agency that utilizes the supplier's system shall be submitted	May we confirm whether the minimum contract requirement equivalent to at least fifty percent (50%) of the ABC refers to ₱8 million for each of the two (2) required projects, or ₱8 million as the combined value of the two (2) projects? Further, in the spirit of competitive bidding and broader participation, we respectfully request that similar contracts with private-sector clients also be accepted, as such engagements may likewise demonstrate a bidder's relevant experience, capability, and qualification to undertake the Project. We also respectfully request that the requirement for two (2) similar projects be reduced to at least one (1) similar project, provided that the project sufficiently demonstrates the bidder's relevant experience and capability to perform the requirements of the Project.	The minimum contract requirement equivalent to at least fifty percent (50%) of the ABC refers to the combined value of the two (2) required projects, which must amount to at least ₱8 million in total, and not ₱8 million for each project. The 50% SLCC requirement is retained as part of our due diligence in ensuring that the prospective contractor possesses sufficient experience and capacity to successfully implement the PIMS project. The requirement for at least two (2) similar projects shall be retained to ensure that bidders have sufficient relevant experience and proven capability to perform the requirements of the Project, while promoting fair and competitive bidding.
	May we request the prescribed template or required format for the Statement of Largest Completed Contract (SLCC), if any?	We respectfully maintain our position as previously communicated regarding the SLCC requirement. it is our recommendation that the requirement remain as provided in the bidding documents,
11.2. The Bidder must submit the resumes	May we request the prescribed Curriculum Vitae (CV) template for	There is no prescribed CV template for the proposed professional staff. A standard

/curriculum vitae/s of all the team members that will be deployed for this project.	the proposed professional staff, if any? Additionally, may we confirm whether each CV is required to be notarized, or whether the signature of the proposed professional staff on the CV will suffice?	and professionally prepared CV will suffice, provided that it contains adequate information on the individual's qualifications, experience, and expertise relevant to the project requirements. The purpose of the submission is to enable the TWG to properly evaluate the qualifications and competency of the personnel who may be assigned to the project. The CVs of the proposed professional staff must be duly notarized to provide assurance to the Office regarding the authenticity and accuracy of the submitted information.
Statement of all its ongoing government and private contracts, including contracts awarded but not yet started, if any, whether similar or not similar in nature and complexity to the contract to be bid;	May we confirm whether bidders are required to submit a "Statement of All Ongoing Government and Private Contracts, including contracts awarded but not yet started, if any, whether similar or not similar in nature and complexity to the contract to be bid"? If required, may we also confirm whether supporting documents must be attached to the statement? If so, kindly specify the acceptable supporting documents.	Yes Copy of Purchase Order, Notice of Award, Notice to Proceed and Contract
	May bidders use their own format for the Technical Proposal, provided that all the required technical information is included? May we confirm whether bidders may use their own format for the Technical Proposal, provided that all information and requirements prescribed in the bidding documents are fully addressed? Additionally, may the Technical Proposal be submitted in a presentation format as part of the bid submission?	follow the format prescribed in the posted bidding documents The bidder may submit a Technical Proposal in their preferred presentation format as an additional document. However, this shall not replace the prescribed Technical Compliance Form provided in the Bidding Documents, which must still be duly accomplished and submitted.
	Request a 1-week extension of the deadline for submission and receipt of bids. This would allow sufficient time to review the requested clarifications,	Under section 51.4 of the IRR of R.A. No. 12009, *decisions of the BAC amending any provision of the Bidding Documents shall be issued in*

	documents, and any corresponding amendments upon their issuance, and to prepare a complete and responsive bid.	*writing through a Supplemental Bid Bulletin at least seven (7) calendar days before the deadline for the submission and receipt of bids.*

For your guidance.
